

TOGETHER WE CAN SUPPORT MAINE'S FISHERMEN AND OUR WORKING WATERFRONT COMMUNITIES

Maine Coast Fishermen's Association is an industry-based nonprofit that identifies and fosters ways to restore the fisheries of the Gulf of Maine and sustain Maine's fishing communities for future generations.

The Maine Coast Fishermen's Association (MCFA) works to enhance the sustainability of Maine's fisheries by advocating for the needs of community-based fishermen and the environmental restoration of the Gulf of Maine. Our community is comprised of dedicated fishermen, scientists, community members from near and far, and businesses, like yours, who care deeply about preserving the Gulf of Maine marine resources and fishing communities of Maine.

Supporting MCFA and Maine's fishermen is an excellent way to convey your business values while making a lasting impact within your community. Join us and become part of our large, dynamic, and engaged community who care deeply about Maine's marine resources and coastal communities. With our reach that extends beyond the water through a vibrant online presence, monthly e-newsletter, and active social media engagement, we can connect your brand directly to this iconic way of life and our incredible and supportive community.

COMMUNITY BUILDER: \$10,000+

A strong foundation to build a vibrant and sustainable waterfront community.

Our Community Builder partners are vital to our continued work of keeping our fishermen on the water, our working waterfront operational, and our natural resources abundant.
