

## TOGETHER WE CAN SUPPORT MAINE'S FISHERMEN AND WORKING WATERFRONT COMMUNITIES

*The Maine Coast Fishermen's Association works to identify and foster ways to restore the fisheries of the Gulf of Maine and sustain Maine's fishing communities for future generations.*

The Maine Coast Fishermen's Association (MCFA) works to enhance the sustainability of Maine's fisheries by advocating for the needs of community-based fishermen and for the environmental restoration of the Gulf of Maine. Our community is comprised of dedicated fishermen, scientists, nonprofits, individual supporters, and businesses, like yours, who care deeply about preserving the Gulf of Maine's marine resources and fishing communities of Maine.

Supporting MCFA and Maine's fishermen is an excellent way to convey your business values while making a lasting impact on Maine communities. Through MCFA's vibrant online presence, regular e-newsletter, and active social media engagement, we can promote your business directly as one that is supportive of Maine's iconic waterfront heritage.

Join our crew of nearly 600 individual donors and partnering businesses throughout Maine, and beyond, who care deeply about our state's marine resources, coastal communities, and the thousands of commercial fishermen in Maine that MCFA works to support!

### **Become a business or community partner TODAY!**

Levels are below, but we are excited to work with you to develop a sponsorship plan that works for you and your business.

#### **FISHERMEN'S KNOT: \$10,000+**

- Opportunities to create cross-promotional programs, products, or media content
